

## Our Health Safety and Environment (HSE) Philosophy:

In Engineering Hub, the management of HSE of the workers and effective environment protection is our top priority, "Safety First and the rest follows". HSE is our fundamental driver for the success and business objective, safe operations, and environment protection.

Our safety management system is aimed to ensure the following:

1. Promoting the compliance of environmental protection laws, the safety of the workers and visitors including our clients, and all interested parties.
2. Ensure our safety philosophy and policy is communicated to all employees and visitors.
3. The revision of safety policy periodically and ensure it is understood by employees and visitors.
4. Ensure the compliance with regulatory and statutory requirements of our HSE management system as adopted from ISO 45001:2018 and ISO 14001:2015 regulations.

### ABOUT US:

Engineering hub is an indigenous company of Equatorial Guinea, founded in 2021 to serve Oil & Gas industries in different technical fields. Our team of engineers and technicians have more than 20 years of experience in the Oil and Gas industry. This enables us to be unique in providing quality service to our customer in different fields of engineering and technical. Our services are designed to meet both, the quality and timeline in areas of Electrical and Instrumentation, Mechanical, Asset Integrity, Procurement, Lifting Equipment Inspection, Industrial Cleaning, Scaffolding, Pipefitting.

We are collaborating with world class companies in Africa, Europe, United States and Middle East. We are customer-oriented company. Understanding our customers' need and meet their satisfaction is our priority.

### OUR MISSION:

Is to offer a high-quality service to oil and gas industry, build a relationship of trust and honesty with customers and stake holders, increase the skill capacity of our employees, and maximize the integration of national workforce.

### OUR VISION:

Is to be a world class Oil and Gas service company, adding values to HES principles.

### OUR VALUES:

Our slogan is to treat customers with respect, honesty, and dignity. The principle of business ethics governs our transactions and environments.

### Electrical and Instrumentation Engineering:

- SCADA and Automation Services.
- Instrumentation.
- Electrical Grounding Service.

### Mechanical Engineering:

- Asset integrity Management

We cover the following:

- Plant Equipment inspection.
- Inspection of pressure vessels .
- Above ground Tank inspection.
- Rotating Equipment vibration monitoring .
- Heat Exchangers.
- Eddie Current.
- Magnetic Particle inspection.
- Radiography.
- Dye Penetration.

- Lifting Inspection

We inspect but not limited the following:

- Lifting accessories.
- Mobile Cranes.
- Pipes and Tubular.
- Overhead Cranes.
- Forklift.
- Hoists.
- Pressure systems.
- Excavators and Dozers.

### Industrial Cleaning Services

Our Industrial Cleaning service covers but not limited.

- Plate Heat Exchangers.
- Tube and Shell Heat Exchangers.
- Pressure vessels.
- Piping system.
- Strainers.
- Oil spillage.
- Inlet Air Filters.
- Onsite Plat Pack Cleaning.
- Solid waste handling and transportation.
- General housekeeping in industrial facilities.
